---

Message from Claire Head Coach: 30 swimmers are with us on the camp, The training sessions are going well with all the kids training hard at each of the two hour sessions, four hours per day in total. The weather has been unbelievably hot (26 degrees) considering it is nearly the end of October. We even managed a short trip to the beach where the kids were allowed to play in the sea and some decided to play volleyball. It sounds like the weather may not be great tomorrow but getting hotter again from Wednesday.

Updates to follow.
